M-EAR (2D & 4D)

Sep, 2018

"Speed, bite and most importantly fun... a very compelling partner to spend time with... the manner in which it delivers music and engages the listener is consistently appealing."

Aug, 2018

"M-EAR in-ears."

Hi-Fi Choice

"Audiolab plugs in."

WHAT HI-FI?

"Insider Top Five."

Jul, 2018

"Audiolab's little M-EARs deliver big music."

Hi-Fi Choice

"For a snug fit and decent noise isolation, the M-EARs come with six pairs of ear tips in three different sizes made from memory foam."

Jun, 2018

"Two names from the UK audio scene – Audiolab and ACS – have teamed up to deliver a range of British-made, multi-driver in-ear monitors called Audiolab M-EAR."

May, 2018

WHAT HI-FI?

Aimed at the higher end of the market, they will have to establish themselves next to the likes big hitters like Shure, Sennheiser and AKG.

Hifi Pig Magazine

"Audiolab Release Their First Headphones."

THE SPEAKER SHACK

"Little M-EARs deliver BIG music..."

8300CD, CD player

Awards

Mar, 2016

"Aimed at audiophiles on a budget, this newly revamped CD player/DAC and integrated amplifier combination provides a plethora of facilities, and serious sound quality too."

Dec, 2015

"A worthwhile update to a groundbreaking product. A great CD player, future-proofed DAC and preamp in one slim box. In terms of connectivity, sound quality and ease of use it's hard to beat... outstanding."

"Superb, class-leading CD player / preamplifier... Beautifully engineered... Surely the best sounding silver disc spinner at the price right now."

Reviews & Features

Feb. 2016

"The latest pairing from a long-established brand makes a potent and stylish combination."

8300A, Amplifier

Awards

Feb, 2016

"A cracking amplifier from Audiolab that has a sound quality that belies its price. Could show a thing or two to amplifiers costing a great deal more."

Dec, 2015

"Excellent do-it-all mid-price integrated amp... powerful, clean, detailed sound... excellent value and an ideal companion to the 8300CD."

M-ONE

Awards

Dec, 2017

"Its star turn is that this amp is combined with company's superb decoding supplied across a suite of digital inputs."

Dec, 2016

"A great all-in-one package with a beguiling sound and an impressive range of features. Has the potential to form the heart of a beautiful-sounding system."

Nov, 2016

"Punchy, engaging sound; decent power output."

May, 2016

"Meet the new and updated version of Audiolab's excellent digital-to-analogue converter"

M-DAC+

Awards

Nov, 2017

"It brings worthwhile improvements to pretty much every aspect of M-DAC."

Aug, 2016

"Combining authority with fluent musicality... lavishly detailed... it absolutely demands an audition."

Jun, 2016

"A DAC that offers the best performance available today - and affordable too. The new M-DAC+ has it all."

Reviews & Features

May, 2018

"The Audiolab M-DAC+ is the top recommendation Under £1000 in a recently posted roundup of DACs on Whathifi.com."

Mar, 2018

"Refined, natural and expressive, whether you're."

M-DAC mini

Awards

Feb, 2018

"I can't think of much – full sized or otherwise – that can challenge the M-DAC Mini for sheer musical ability... the smallest member of the M-DAC family is very much a Best Buy."

Nov, 2017

"Affordable high quality headphone preamp and DAC with big, warm yet clear sound. Impressive with DSD."

"Audiolab's most compact M-DAC yet is beautifully formed. Detailed, refined and involving sound; comprehensive spec."

Reviews & Features

May, 2018

"... this is a very capable DAC boats a detailed, refined and involved sound."
